

Monterey Bay Pelagic Trip, Saturday, September 30, 2017
and Coastal Field Trip Sunday, October 1, 2017

Join Sacramento Audubon for the annual Monterey Bay pelagic trip on Saturday, September 30. Monterey Bay is perhaps one of the most accessible and productive areas to learn about and enjoy pelagic birds and marine mammals. Normally protected from heavy sea swells, yet geographically situated to capture an amazing diversity of ocean-going birds, Monterey Bay and the surrounding area is an exceptional place for birding. On Saturday's boat trip we'll look for shearwaters, albatrosses and other pelagic birds as well as marine mammals. For those staying overnight in Monterey, on Sunday, October 1, we will visit coastal habitats on the Monterey peninsula that may yield many migratory and vagrant surprises. The boat trip will depart Fisherman's Wharf promptly at 7:30am and return about 3:30pm. The boat trip is limited to 25 participants to ensure everyone has plenty of room, so send your reservation form and check early to reserve your spot. Note: reservations are not confirmed until payment is received. You do not need to be a Sacramento Audubon Society member to participate.

Your space will be confirmed by email after the reservation form and your check is received. Please use the reservation form provided below. Contact Linda Pittman, pittmanl@frontiernet.net, (email preferred) or phone 715-1876 for further information.

Monterey Bay Pelagic Trip Reservation Form
Saturday, September 30, 2017 Registration deadline: September 14, 2017
Trip price \$100 per person
