

Dear Mr. Chand,

Thank you for using your time to come in and teach us about birds and their calls. I really learned a lot about birds that day and I decided to make a bird house. I really enjoyed your presentation. I loved the birds that you show, especially the colorful ones.

You really inspired me and my class mates about birds. I've already made a bird house because we all think birds are cool. So I hope the birds who don't make nests and their eggs fall like in my bird house. Thank you Mr. Chand,
